**Artists with Disabilities!**

Abilities in Motion, a Center for Independent Living, invites all artists of all mediums and with any type of disability to participate in AIM's Second Annual ADA Celebration and Art Show! Last year, we had over 30 artists display and sell (if they so chose) their artwork during our Art Show. The show also celebrates the anniversary of the signing of the Americans with Disabilities Act.

Artist participation and public attendance to the event is free. If you would like to display and/or sell your artwork, please contact AIM's Event Planner. We would LOVE to see you there!
